## Play a vital part in the future of our moorlands

Grouse shooting remains the lynchpin that holds the conservation of heather moorlands together. Without the investment it generates, the enhancement and regeneration of heather moorland would cease. Without grouse shooting, threatened ground nesting birds, priority habitats, upland economies and communities would all suffer.

As a visiting gun to the grouse moors of northern England and Wales you already play a key part in this success story, but your hobby and passion is under extreme threat. Politicians north and south of the border are being targeted to ban driven grouse shooting along with pressure to restrict many vital aspects of moorland management. The Moorland Association has an ever-increasing workload and will greatly benefit from your financial support. Also, by staying informed, you are better able to act as an ambassador for grouse shooting.

Please join!!

Mark Cunliffe-Lister, Lord Masham, Chairman
